2016 ANNUAL CONTRIBUTION

MISSION:

“Citizens, businesses, organizations, and governments working together to improve the appearance and vitality of the southern part of Alpena Township. Efforts include a new pedestrian friendly commercial streetscape for US 23 South and new recreational amenities including parks on Squaw Bay and non-motorized trails.”

GOAL: 2016

Economic development helps us all in northeast Michigan! Last year, with your help, we funded a planning and design study from Beckett & Raeder and MSU studies on how best to build on the assets of the South Corridor. The next step: raising \$10,000 toward the development of a roadside park and welcome center on US 23 near the 45th Parallel! Funds will be used toward obtaining a permit for the site and doing preliminary engineering work. South Bay continues to work to bring more visitors and businesses to our community. Please help us with this effort!
