2017 ANNUAL CONTRIBUTION

MISSION:

“Citizens, businesses, organizations, and governments working together to improve the appearance and vitality of Northeast Michigan. Efforts include economic development and streetscape improvements on US 23 South and new recreational amenities including parks on Squaw Bay and non-motorized trails.”

GOAL: 2017

Economic and recreational development helps us all in Northeast Michigan! Last year, with your help, we funded a planning and design study from Beckett & Raeder and MSU on how best to build on the assets of the South Bay Corridor. The first phase of the resulting implementation effort is to raise \$75,000 to pay for the pre-engineering, design, and survey costs regarding the Alpena Bi-Path Extension from Island Drive to South Partridge Point Road.

South Bay continues to work to bring more visitors and businesses to our community. We hope you agree that the corridor is already cleaner and more vibrant with many new businesses. And, more new businesses are coming!

The easternmost driveway to a park on South Partridge Point Road has already been improved allowing easier public access. Extension of the Alpena Bi-Path to this area will enable walkers and bikers to travel from the city to North and South Partridge Point Road and to Squaw Bay!!

Please help us with this effort!

_____ Resident \$25

_____ Large Business \$250

_____ Small Business \$50

_____ Other

_____ Mid-Size Business \$150

GOAL \$75,000!!!

NAME: _____ **E-MAIL:** _____
